**EXAMINER'S AMENDMENT**

**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas Steibel on 1/8/04.

The application has been amended as follows:

Please delete non-elected claims 55-108.

2. The following is an examiner's statement of reasons for allowance: The applicant has amended independent claim 1 to include the limitation excluding the use of liquid carbon dioxide in the cleaning step. The applicant has further limited the process claims to require the rinse step to require the pressurized fluid to be carbon dioxide in a supercritical state.

3. The prior art teaches the use of the pressurized fluid in both the cleaning stage and the rinsing stage. Although the prior art does teach the use of non-pressurized solvents, these solvents are used in conjunction with the pressurized fluid. As the applicant's claims now require the absence of the pressurized fluid in the cleaning stage, such amendments have overcome previous rejections including those rejections based on Romack, Cauble, and Jureller.

4. The applicant's timely filing of a terminal disclaimer has overcome previous obviousness-type double patenting rejections over US 6,355,072.

5. As such the instant elected claims 1-54 have been found to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory E. Webb whose telephone number is 703-305-4945. The examiner can normally be reached on 9:00-17:30 (m-f).
